SUBSIDIARY RULES RELATING TO DANGEROUS DRUGS (MEDICINAL OPIUM, MORPHINE, HEROINE AND COCAINE.)

Notification No. R. Dis. 55-21, dated 22nd April 1922.

In exercise of the powers vested in him by Rule 29 of the Mysore Dangerous Drugs Rules, published in Government Notification No. R. 5161—Ex. 6-21-24, dated 4th April 1922, on pages 35 to 40 of the *Mysore Gazette*, dated 20th April 1922, Part III, and with reference to Rules 17, 18, 21 and 25 of these rules, the Excise Commissioner hereby prescribes the following forms and conditions for the grant of licenses for the vend of dangerous drugs and of passes for the transport of these drugs. They will come into effect on 1st July 1922.

1. Licensed dealers' licenses and Licensed chemists' licenses shall be in Form I and Form II respectively hereto attached. Every such license shall expire on the 30th June next following the date of issue.

2. The fee for each such license shall ordinarily be Re. 1 per annum, but—

(*a*) no fee will be levied on licenses granted to officers in charge of medical institutions maintained by the Government;

(*b*) the Excise Commissioner may remit the fee in the case of licenses granted to persons in charge of charitable medical institutions;

(*c*) no fee will be charged for the grant of a dealer's license to a person holding a chemist's license.

3. In the case of licenses granted free of charge under clause (*a*) or (*b*) of the foregoing rule to officers or persons in charge of medical institutions, the license should be made out in favour of the officer or person by virtue of his office, and not by name.

4. If any such medical institution comprises more than one dispensary situated on the same premises (*e.g.*, a sale dispensary, an out-patient's dispensary, etc.,) a single license in Form II will suffice to cover all such dispensaries, a separate license in Form I being taken out to cover the main store from which the dispensaries are supplied. But a note should be made on the license in Form II by the licensing officer to the following effect. This license covers the following dispensing institutions situated on the premises, *viz.*—

Note.—(i) For a branch dispensary situated in entirely separate premises, a separate license will be required.

(ii) For drugs actually used by an approved practitioner, in his practice (and not merely dispensed on his prescription) no license is required (*vide* Rule 6 of the Dangerous Drug Rules). Accordingly, no license is needed for drugs actually used in the operation room of a medical institution in charge of an approved practitioner.

5. If in any case the quantities of drugs specified in condition 3 of the license form are in his opinion inadequate, the Deputy Commissioner should refer the matter, with his recommendation as to the increased quantities to be authorized, for the orders of the Excise Commissioner. Any increased quantity which may be authorized by the Excise Commissioner should be endorsed by the Deputy Commissioner in the space of the foot of condition 3 of the license, the number and date of the Excise Commissioner's orders being cited, and the endorsement being signed by the Deputy Commissioner.

6. (*a*) The accounts required by condition 6 of the licensed dealer's license and of the licensed chemist's license shall be in Form III and IV respectively hereto attached, books of which shall be supplied by the Deputy Commissioner on payment of such price as may be fixed from time to time.

(*b*) A separate set of pages shall be set apart for each drug possessed under cover of the license.

(*c*) Each transaction shall be recorded as it occurs and the account balanced.

(*d*) When drugs are manufactured otherwise than for immediate sale, supply or dispensing (for instance in the preparation of a standard solution) the quantity of dangerous drugs used in manufacturing the same shall be shown on the appropriate page or pages in column 6, the name and quantity of the drug manufactured and the number of the page on which transactions relating to it are recorded being entered in column 8 on the same page, and the entry signed by the manufacturer. The quantity of drug manufactured shall at the same time be recorded in column 3 on the appropriate page, the word "manufactured" and the number or numbers of the page or pages on which transactions relating to the drugs used in manufacture are recorded being entered in column 4.

(*e*) If a dealer's license and a chemist's license are held by the same person or institution, the drugs intended for use under each license shall be stocked separately, and drugs transferred from the "dealer's stock to the "Chemist's" stock shall be entered on the appropriate pages in column 6 of Form III and in column 3 of Form IV. In column 8 of Form

III shall be entered the word "transferred to chemist's stock" and the number of the page of Form IV on which the corresponding entry appears, and the entry shall be signed by the person making the transfer, and also by the person in charge of the "chemist's" stock of the "dealer's" and the "chemist's" stock are in the direct charge of different persons.

(*f*) In the case of medical institutions comprising two or more dispensaries on the same premises, a separate account in Form IV shall be maintained for each dispensary covered by the license (*vide* Rule 4), and in the case of drugs issued to them the appropriate entries in column 8 of Form III will be "transferred to sale dispensary," "transferred to out-patients' dispensary," "transferred to operating room," or as the case may be.

Note.—For drugs issued for use in the operation room of an institution in charge of an approved practitioner an account in Form IV need not be maintained.

(*g*) Every entry in column 6 of the register in Form III or Form IV maintained by a licensed dealer or licensed chemist shall be authenticated in the last column by the signature of the person by whom the drug is supplied or dispensed and also by the signature of the person to whom it is actually delivered, if literate. If, in the case of drugs supplied by a licensed dealer, such person be a person other than the person whose name appears in column 8, the order or acknowledgment for the drug of the person whose name appears in column 8 shall be filed by the licensed vendor, after being marked by him with a serial number, which number shall be entered by him in column 10 of Register III. Such orders or acknowledgments shall be produced by the licensed dealer, together with his accounts, on the demand of any officer authorized to demand inspection of his accounts.

(*h*) Every licensed chemist shall maintain a prescription book in Form V hereto attached which shall be supplied by the Deputy Commissioner on payment of such price as may be fixed from time to time and shall enter in it full particulars of each prescription containing dangerous drugs dispensed by him. To each entry shall be allotted a serial number, and the same serial number will be entered in column 10 of Form IV against the drugs dispensed.

NOTE.—In case where the original prescription is retained by the licensed chemist and filed in pursuance of the next following rule, the prescription need not be copied in column 5 of the prescription book, the entry in which will be "original prescription filed."

(*i*) Every prescription retained by a licensed chemist under condition 5 (*b*) of his license shall be filed by him, after being marked by him with the serial number allotted to it in the prescription book, and shall be produced, together with his accounts, on the demand of any officer authorized to demand inspection of his accounts.

7. Any licensed dealer or licensed chemist who desires to import dangerous drugs may do so after obtaining the necessary Resident's pass through the Excise Commissioner.

8. Any licensed dealer or licensed chemist who desires to transport dangerous drugs under rule 24 must obtain from the Deputy Commissioner a transport pass which shall be in form VI.

K. CHANDY,
Excise Commissioner.

FORM II.

License granted under the Dangerous Drugs Rules to manufacture and possess dangerous drugs and to sell or supply the same otherwise than on prescription.

("Licensed Dealer's" license)

(Name of licensed dealer).....

(Name or locality of licensed premises).....
